Quick Facts about the JSPT and OCS. Over the past 4 years 232 players have gone on to play in the OHA, OHL, QMJHL and NCAA directly from this camp. Out of the 500 players that have signed up and registered with OCS we have delivered not only to the players but also to the teams that are interested in obtaining the players for the upcoming season.

This year invites will be the most successful group of players to date. With the ability to place overseas players here in Canada at the junior level we hope to achieve high ratio players to stay in Canada for the next season.

As spots are limited this year we would strongly suggest to register early as we expect registration to be full once it is announced the dates and location of this event.

If interest in this opportunity please confirm registration by completing the following form and signature.
